

G3PE-215B 12-24VDC

15A 100-240Vca Monofásico C DIN Con disp. Func. Paso por Cero

Especificaciones

Application	ON/OFF control
Number of phases	1
Number of poles	1
Mounting method	DIN rail/screw
Terminal	Screw
Complete with socket	✘
With LED indicator	✔
Rated operational voltage, AC	100-240 V
Operating voltage range, AC	75-264 V
Rated operation current I _e at AC-1	15 A
Permissible I ² t value	121 A ² s
Applicable heater capacity (AC1: resistive load)	3 kW
Height	100 mm
Width	22.5 mm
Depth	100 mm
Supply voltage DC	12-24 V
Control current max.	10 mA
Must operate voltage max.	9.6 V
Must release voltage min.	1 V
Maximum operating temperature	80 °C
Minimum operating temperature	-30 °C
Isolation	Phototriac
Switching at zero-crossing	✔
